

## The Captured Image

will be Attending The Nike/Bauer International Invitational and Providing your families and athletes the opportunity to own a piece of the action at this years event.

## THE CAPTURED IMAGE

Is proud to be the only company in the USA delivering our services to both Professional Sports and National Magazines as well as youth sporting events and Leagues. We have the best photographers there are. Our photographers cover the NHL, NLL, NBA, MLB, NFL, NCAA, OHL, MMA & AFL and this upcoming weekend they will be at your service.

At the completion of each game come straight to our display area and check out the shots, you will be impressed.

On top of having the best photographers in the business we also have the lowest prices you will see anywhere. You might wonder how that is possible...well its simple...our pictures sell themselves, we do not have to inflate our prices to make up for lack of sales. 8x10's printed on-site are \$15.....that is 50% less than you were charged at your last tournament.

We deliver our prints with Canon's Chromolife 100 system, a system from a trusted name in the industry that promises you 100yrs of Achievability.

We are the Only Company that offers This.
